SEMINARS SCHEDULE FOR ALL DAYS OF THE EVENT

9:30am - 10am - Introduction to RVing

Presenters: Patrice and Kevin McCabe

The Introduction to RVing Seminar offers participants insights into the world of recreational vehicles, covering various types including Class A, Class B, Class C, Travel Trailers, and Fifth Wheels. Key topics discussed include:

- **Vehicle Logistics:** Understanding different RV types.
- **Systems and Maintenance:** Electrical options, plumbing scenarios, water filtration, and general maintenance issues.
- **Comfort and Lifestyle:** Ideas for outdoor furniture and essential cooking accessories.

10am - 10:30am - Geocaching: Your Next RV Adventure!

Presenter: Kevin McCabe

Dive into the thrilling world of outdoor treasure hunting with our Geocaching Seminar. It's the perfect activity for RVers traveling the country, offering a fantastic way to discover local history, explore scenic hiking spots, and challenge your family's puzzle-solving abilities. We'll be covering the ins and outs of Geocaches, GeoTours, and the exciting new Adventure Labs.

10:30am - 11am - RV Interior and Exterior Maintenance Seminar

Presenter: Kevin McCabe

Whether you're a first-time buyer or a seasoned owner, this seminar is designed to help you protect your investment. Participants will learn essential maintenance techniques and discover various products—from cleaning the roof to installing new wallpaper—to keep their RV looking and feeling fresh.

11am - Noon - Mastering the Open Road Kitchen

Presenter: Patrice McCabe

Join us for this tasty seminar series with Patrice McCabe, a seasoned RVer with over two decades of experience navigating the ins and outs of mobile living. Patrice has mastered the art of efficient and delicious RV cooking and grilling, and she's here to share her tried-and-true secrets with you.

- **Quick Techniques for the Galley Kitchen:** Discover practical, space-saving, and time-efficient cooking methods designed specifically for the limited counter space and appliances found in an RV.
- **Grilling On-the-Go:** Whether you're using a portable propane grill or a campfire setup, Patrice will demystify RV grilling. She'll cover everything from safe setup and

temperature control to simple marinade techniques that deliver maximum flavor with minimal fuss.

- **Healthy Habits for the Highway:** Maintaining a healthy diet while traveling is critical. Patrice's cooking philosophy focuses on fresh, nutritious ingredients and simple recipes that keep energy levels high and your family feeling great.
- **Essential RV Pantry Staples:** Get Patrice's must-have list of non-perishable items, spices, and ingredients that form the backbone of any well-stocked RV kitchen, ensuring you're always prepared for a delicious meal, no matter how remote your campsite is.

Patrice's approachable, fun, and practical methods will transform your RV cooking from a stressful chore into an enjoyable part of your travel adventure.

Noon - 1pm - BREAK

1pm - 2pm - Protect Your RV: Understanding Electrical Safety

Presenter: Kevin McCabe

The electrical system is the lifeline of your RV, yet simply plugging into a power pedestal can carry serious risks. Both low and high voltage can severely damage your RV's appliances. Without proper protection, electricity can lead to short circuits and, even worse, fire. Protecting your investment is essential. This seminar focuses on the premier solution on the market: the Power Watchdog Surge Protectors. Participants will learn how these products safeguard their RV.

2pm - 3pm - Less Lethal Security

Less Lethal Security is the only 100% woman owned Authorized Byrna Premier Dealer. We specialize in less lethal personal protection, offering launchers, projectiles, and accessories that provide confidence, safety, and peace of mind. Our mission is to make protection approachable and effective for everyday life, backed by trusted training, education, and community partnerships.

3pm - 3:30pm - Water Filtration for Your RV

Presenter: Kevin McCabe

Clean water is essential to life, and especially important for health within your RV. This seminar focuses on the most effective methods for filtering the water entering your RV. We will introduce the Blu Technology System, a three-stage water filter engineered to purify your RV's water to the highest possible standard, ensuring you and your family remain healthy and happy for many years on the road.

3:30pm - 4pm - Journaling Your Digital Adventures While RVing

Presenter: Kevin McCabe

Tired of manually documenting your travel details—like accommodations, routes, and best restaurants? This seminar will introduce a simple method for keeping a digital journal. By incorporating your photos and videos, this digital journal will not only enrich your travel memories but also keep your family and friends easily updated on your current location and activities.

4pm - 4:30pm - Essential RV Safety Gear

Presenter: Kevin McCabe

Essential to a successful RV trip is having the necessary accessories to ensure your family's safety while on the road. This seminar focuses on three key areas: roadside safety, battery maintenance, and the advantages of community involvement. Attendees will understand the critical importance of keeping all required safety products on board for emergencies. Furthermore, we will discuss the significant value of joining an RV club, like the Family RV Association—the oldest in America—to guarantee community support and receive valuable safety and roadside assistance benefits when you need it most.
